Omed Spilliaert

GRAPHIC DESIGNER / BRAND IDENTITY DESIGNER

I design between digital creativity and physical production, combining visual identity, print knowledge, and web presentation. My work focuses on clear systems, restrained composition, and professional execution from concept to final production.

PROFESSIONAL EXPERIENCE

Freelance Graphic Designer

Branding / Digital / Print

- Developing logo concepts, brand identity systems, social media visuals, packaging, and professional mockup presentations.
- Preparing clean visual directions that help clients understand the idea, style, and real-world brand applications.

Print Designer - Printing Shop

Production / Large Format

- Creating production-ready artwork for digital and physical outputs, including flex printing, UV printing, laser cutting, and CNC production.
- Balancing design aesthetics with real material limits, machine preparation, file accuracy, and final finishing quality.
